WEST WALES RALLY SPARES JAFFA STAGES 2023

Foreword

Saturday, June 16th 2012 proved a dark day in World Rallying circles. Whilst competing in the Targa Florio Rally in Sicily, one of the best young co-drivers to come out of West Wales succumbed to his injuries following a violent accident with a roadside barrier and lost his life at the tender age of just 24.

That young co-driver was Gareth Roberts, affectionately known as “Jaffa” to the rally world. Gareth was born and bred in Llanpumsaint, near Carmarthen and, despite competing for only 8 years, his reputation had earned him respect worldwide with many viewing Gareth as a future World Champion. Gareth was co-driving for Craig Breen at the time – the pairing having won the Junior WRC in 2011. Ironically, 2023 saw further tragedy when Craig himself lost his life in remarkably similar accident whilst taking part in a pre-rally test in Croatia.

Carmarthen Motor Club are proud that such a young co-driver from their area had risen to such heights – on a steep ladder that he was still rapidly climbing. In 2012, our title sponsor, **West Wales Rally Spares** asked us to rename the rally as the **Jaffa Stages** - in the hope of perpetuating our memories of Gareth. We were delighted to have an opportunity to do so and are grateful to West Wales Rally Spares and the Roberts family for their co-operation in allowing us to implement this change.

Cofiw'n amdano â balchder – We remember him with pride

If required, competitors may print their own copy of the results from the above websites. Unofficial results during the event will be available on the following website (<https://rallylivetiming.info/>)

13. DOCUMENTATION

Entrants will be provided with Route diagrams, time cards and high-visibility numbers which will be available for collection on the morning of the rally. These documents will provide all the necessary information to enable competitors to comply with R33.1.

Competitors may be required to make up lateness at rest halts.

14. SERVICING

Servicing is defined as work being carried out on the car by any person other than the competing crew, or the use of any parts or tools not carried in the competing car. There will be one service area where work may be carried out by the Service Crew of the competing car.

Crews may work unassisted on their own cars as described in R38.2.

15. IDENTIFICATION

Competitors will be identified by 9" high black numbers on a white background on both sides of the vehicle (not supplied). Competitors will be responsible for maintaining these identifications in a legible condition during the event and their removal after the event or upon retirement. Competitors will also be identified by high visibility numbers supplied by the organisers **to be fixed on both rear side windows.**

16. CONTROLS AND TIMING

The event will be run using Target Timing (R31).

The rally will be divided into Road Sections and Special Stages.

All controls other than Passage Controls (PCs) and Route Checks will be Time Controls (TCs). Each road section will be allotted a Target Time based on approximately 28 mph average or less and a competitor can calculate his Due Time of arrival at any TC by adding his Target Time to his actual time of departure from the preceding TC. On any Road Section following a Special Stage three or four minutes extra will be allowed over the set average speed to account for any delays at the Special Stage Finish.

All Special Stages will have a Bogey Time set at 75 mph and a Target Time set at approximately 30 mph. Competitors will receive penalties as follows:-

- (i) Under Bogey - Bogey Time
- (ii) Over Bogey under Target - Actual Time Taken
- (iii) Over Target - Target Time (No extra time penalties)

However, excess lateness taken over Target on Road Sections and Special Stages is cumulative and once lost cannot be regained.

When accumulated lateness between any two adjacent Main Controls exceeds the permitted maximum of 5 minutes a competitor will be deemed not to have visited subsequent controls.

Should any recorded time not be legible or not appear authentic the organisers may use any means at their disposal to establish a time.

The following titles shall describe the various types of Time Controls:

(See Drawing nr 29.4.1 for description of signs).

(a) Main Controls (MC - Signs 1 and 2)

- (i) Main controls will be situated at the Start and Finish of the Rally, immediately before and after any Rest Halt/Service Area, or at any other specified point.
- (ii) At an MC after a rest halt Competitors will restart at 30 second intervals in order of their arrival at the MC immediately preceding that halt.
- (iii) Each competitor will be given a due starting time from any MC at the start of the event, or immediately following any Rest Halt/Service Area and the difference between this time and his actual starting time will be counted towards disqualification for overall lateness. A time penalty will also be applied.
- (iv) Competitors not disqualified by reason of having accumulated more than the maximum allowed lateness will restart (subject to 16(a)(iii) above) from any MC with zero lateness, i.e. lateness is only accumulated between two adjacent MC's.

(b) Special Stage Arrival Controls (SSA - Signs 1 and 2)

On arrival at SSA a competitor will receive an arrival time only when he is ready to start the stage (helmets on etc.). A competitor who is early may wait for his Due Time

subject to R30.3.1. A provisional start time for the stage will be allocated in accordance with R31.2.11. He must then proceed immediately to the Start Line.

(c) Special Stage Start Control (SSS - Sign 3)

At the SSS a Competitor will be given a start time for the Stage in hours, minutes and seconds and will normally coincide with the provisional time allocated at the arrival control. Once a competitor has clocked in at an SSA the competitor must be ready to start the stage except as laid down in R31.2.11. Start procedure will be in accordance with R25.7.2 utilising automatic traffic lights in accordance with the following sequence. The 30 second warning will not be given. With 15 seconds to go the Red light comes on. With 10 seconds to go the Red light stays on and the five Amber lights come on. With 5 seconds to go the Red light goes out. From 5 seconds to zero the Amber lights count down the last 5 seconds. At zero seconds the Green light comes on to signal go. The green light remains on for 5 seconds

As each section is timed separately the time taken from SSA to SSS is Dead Time and delays are automatically allowed for. The control area between Sign 1 at the SSA and Sign 3 at the SSS will be parc ferme

(d) Special Stage Finish Control (SSF - Signs 4, 5 and 7)

At the SSF a competitor will receive his finish time in hours, minutes and seconds. This time in hours and minutes will be his start time for the following Road Section. Any competitor who fails to stop at the STOP Line must not, under pain of disqualification, reverse to the stop line, but must return on foot.

(e) Passage Control (PC)

At certain points indicated in the Road Book the organisers may establish PCs in order to collect Time Cards from competitors or for other purposes. There will be no official times recorded at these controls, but a competitor failing to provide the necessary documents at any PC will be deemed not to have visited that control.

It is a competitor's responsibility to ensure that his times are correctly recorded and handed in when and where instructed. Once a time has been accepted by a Competitor NO FURTHER CLAIMS WILL BE ENTERTAINED. Any adjustment caused by a Timekeeper's error MUST be made at the Control in question.

Caution boards may be used to give advanced warning of hazards and will be sited in accordance with R29.1.9.

17. PENALTIES

Competitors will start with zero marks. Classification for the order of merit will be by reference to total marks lost, the winner being the competitor with the least total penalty.

Penalties will be as Chart R32.2 except:

- 1) Not complying with a requirement of the Road Book or these SR's for which no other penalty is specified - 5 minutes

The following offences will carry a penalty of disqualification from results:

- 2) Not reporting at or not providing proof of visiting a control or check
- 3) Servicing contrary to SR14
- 4) Contravention of R5.4, R25.3, R25.5 or R25.6.
- 5) Accumulated lateness (in excess of target time) between any two adjacent Main Controls of more than 5 minutes

To be classified as a finisher a car with its crew must complete the course without incurring the penalty of disqualification and hand in a completed damage declaration form with the final time card.

18. G.R. MODIFICATION

R5.4.3 - Either crew member may drive during the competition subject to both crew members holding licences to permit that person to drive. Co-drivers intending to drive on special stages shall advise the entry secretary prior to the start.

R30.1 - Controls will close 5 minutes after due time of arrival of last car

R31.2.5 - Reduced to 5 minutes.

R40.1.6 – Competitors missing a Control or Special Stage are permitted to rejoin the rally at any Special Stage Arrival control authorised by the Clerk of the Course. Competitors wishing to do so are to liaise with the Entry Secretary/Competitor Liaison Officer prior to rejoining. Competitors missing a Special Stage will be penalised in accordance with R32.2 (a)(ii) – 30 minutes per stage. No further penalty will be applied in respect of other controls missed in connection with the missed stage.

19. DAMAGE DECLARATION

Competitors will be required to complete and sign a report declaring that they have not been involved in any incident resulting in damage to private property or injury to persons or animals or alternatively giving details of any such incident where damage or injury has occurred (R40.1.3). Any information given will not incur a penalty but failure to hand in a duly completed form will be penalised by disqualification (Chart R32.2.p).

Competitors who do not report at the finish are required to forward the report to the Secretary within 72 hours of the event, unless they have been involved in an incident in which case details must be given to the organisers the same day.
